Total currently in checking is \$7528.68. Last month expenses include \$35.53 for lunch. Income for last month was \$35.29. Jason has completed the association tax paperwork. Eric H. moved to approve payment of \$240 to Jason for filing the association tax paperwork. Mike S. seconded. Motion passes.

Eric K. has reviewed postage options for association mailings. Eric advised against getting a Stamp Machine, as these have to be leased and would involve a monthly payment even for months not used. At this time we plan to stick with using stamps for mailings.

Nebraska GIS Council

Larry Zink, Steve Henderson, Dan Pfeffer and Jeff McReynolds attended the NITC Government Council meeting on February 11th. A presentation of NebraskaMap project was given at this meeting. The GIS Council is working to find ideas for informing local and state entities about the project and how to support continued work.

Mike P. suggested changing his alternate for the GIS Council meetings from Ed Kelley to Mike Schwab.

Scholarship

Norman S. talked to Wayne State College about awarding of scholarships. The information that he received indicated that scholarship awards are sent to the scholarship department and then distributed to the proper recipient. Norman said that this should be the same at most colleges/universities. We need to send letters to any colleges/universities with geography, to let them know about the scholarship. Some suggested colleges/universities to send information to include Chadron, Wayne State, Concordia, University of Nebraska – Lincoln, and University of Nebraska – Omaha. Information will be posted on the GIS/LIS website when the scholarship is available. The application form prepared by Eric K. was reviewed. Board members are to get any comments about the application back to Eric as soon as possible.
